

ATTACHMENT 2
PALO VERDE ISFSI INSPECTION 72-44/2002-03
(Inspector Notes - Table of Content)

| <i>Category</i> | <i>Topic</i> | <i>Page #</i> |
|--------------------|--|---------------|
| Emergency Planning | Emergency Drills | 1 |
| Emergency Planning | Emergency Plan Changes | 1 |
| Emergency Planning | ISFSI Emergency Plan | 1 |
| Fire Protection | Fire Protection Plan | 2 |
| Fire Protection | Fire/Explosion Potential | 2 |
| Fire Protection | Offsite Fire Support | 3 |
| Fuel Verification | Classifying Damaged Fuel | 3 |
| Fuel Verification | Fuel Assembly Minimum Length | 4 |
| Fuel Verification | Fuel Loading - Preferential Loading | 4 |
| Fuel Verification | Fuel Specifications | 4 |
| Fuel Verification | High Burn-up Fuel | 5 |
| Fuel Verification | Material Balance, Inventory, and Records | 5 |
| Fuel Verification | Maximum UO ₂ Weight/Assembly | 6 |
| Fuel Verification | Total Decay Heat Limit of 23 kW | 6 |
| General License | Evaluation of Effluents/Direct Radiation | 7 |
| General License | Flood Conditions | 7 |
| General License | Initial Compliance Evaluation Against CoC | 8 |
| General License | Initial Compliance Evaluation Against FSAR | 8 |
| General License | Initial Evaluation Against Part 50 License | 9 |
| General License | Program Review - RP, EP, QA, and Training | 10 |
| General License | Shield Walls or Berms Around ISFSI | 10 |
| General License | Temperature Average for Site | 11 |
| General License | Temperature Extremes for the Site | 11 |
| Heavy Loads | Canister Hoist Ring Thread Engagement | 12 |
| Heavy Loads | Canister Hoist Rings | 12 |
| Heavy Loads | Heavy Loads Safety Evaluation | 12 |
| Heavy Loads | Safe Load Path | 14 |
| Heavy Loads | Sling Minimum Length | 15 |
| Heavy Loads | Sling Safety Margins | 15 |

| <i>Category</i> | <i>Topic</i> | <i>Page #</i> |
|-------------------------|--|---------------|
| Heavy Loads | Transfer Cask Lifting Yoke Load Test | 16 |
| Heavy Loads | Transfer Cask Trunnion Annual Inspection | 16 |
| Heavy Loads | Transfer Cask Trunnion Tests | 17 |
| Hydro/Drying/Helium | Helium Backfill Pressure | 17 |
| Hydro/Drying/Helium | Helium Leak Rate Test | 18 |
| Hydro/Drying/Helium | Helium Leak Test Personnel | 18 |
| Hydro/Drying/Helium | Helium Purity - Controls for Use | 18 |
| Hydro/Drying/Helium | Helium Purity - Procurement Controls | 19 |
| Hydro/Drying/Helium | Pressure Test on Canister | 19 |
| Hydro/Drying/Helium | Returning Canister to Spent Fuel Pool | 19 |
| Hydro/Drying/Helium | Time Limit after Helium Backfill | 20 |
| Hydro/Drying/Helium | Time Limit for Vacuum Drying | 20 |
| Hydro/Drying/Helium | Vacuum Drying Pressure | 21 |
| Pre-Operational Tests | Pre-Operational Testing and Training Exercise | 21 |
| Procedures & Tech Specs | Annual Cask Inspections | 22 |
| Procedures & Tech Specs | Cask Drop or Tipover | 22 |
| Procedures & Tech Specs | Cask Heat Characteristics Test (First 10 kW Cask | 23 |
| Procedures & Tech Specs | Drop Limit | 23 |
| Procedures & Tech Specs | Procedures for Loading and Closing Canister | 23 |
| Procedures & Tech Specs | Procedures for Loading Storage Cask | 24 |
| Procedures & Tech Specs | Procedures for Removing a Canister from a Cask | 24 |
| Procedures & Tech Specs | Procedures for Transport & Placement of a Cask | 25 |
| Procedures & Tech Specs | Procedures for Unloading a Canister | 25 |
| Procedures & Tech Specs | Spacing of Casks on ISFSI Pad | 25 |
| Procedures & Tech Specs | Surveillances After Off-Normal Events | 25 |
| Procedures & Tech Specs | Temperature Minimum Limits for Storage Cask | 26 |
| Procedures & Tech Specs | Temperature Minimum Limits for Transfer Cask | 26 |
| Procedures & Tech Specs | Temperature Monitoring of Cask | 27 |
| Procedures & Tech Specs | Time to Boil Limit | 27 |
| Procedures & Tech Specs | Torque Values | 27 |
| Procedures & Tech Specs | Transfer Cask Trunnion Inspection Prior To Use | 28 |
| Procedures & Tech Specs | Visual Inspection of Canister Prior to Use | 28 |
| Procedures & Tech Specs | Written Procedures Required | 29 |

| <i>Category</i> | <i>Topic</i> | <i>Page #</i> |
|-----------------|--|---------------|
| QA | Approved QA Program | 29 |
| QA | Boron Loading in Neutron Absorbers | 30 |
| QA | CoC Issued for Fabrication of Canister | 30 |
| QA | Control of Measuring and Test Equipment | 31 |
| QA | Corrective Actions | 31 |
| QA | Important to Safety Items | 31 |
| QA | Nonconforming Material and Parts | 32 |
| QA | Operating Status | 32 |
| QA | Procurement Controls for Material | 33 |
| QA | QA Audits | 33 |
| Radiological | Contamination Limits for Canister | 34 |
| Radiological | Controlled Area Radiological Doses | 35 |
| Radiological | Environmental Monitoring Program | 36 |
| Radiological | Neutron Energies for Dosimetry | 36 |
| Radiological | Radiation Levels for Canister in Transfer Cask | 37 |
| Radiological | Radiation Limits for Storage Cask | 37 |
| Records | Notice of Initial Loading | 38 |
| Records | Registration of Casks with NRC | 38 |
| Safety Reviews | Changes, Tests, and Experiments | 38 |
| Security | Back-up Power Supply | 39 |
| Security | Compensatory Measures | 39 |
| Security | Coordination with Local Law Enforcement Agenci | 40 |
| Security | Intrusion Detection System | 40 |
| Security | Lock and Key Controls | 40 |
| Security | Observation of Protected Area | 41 |
| Security | Personnel Search Prior to ISFSI Entry | 41 |
| Security | Physical Security Organization & Program | 42 |
| Security | Protected Area | 42 |
| Security | Protected Area Lighting | 43 |
| Security | Security Guard Force Training | 43 |
| Training | Certification of Personnel | 44 |
| Training | Health Requirement for Certified Personnel | 44 |
| Training | Training Program | 45 |

| <i>Category</i> | <i>Topic</i> | <i>Page #</i> |
|-----------------|---|---------------|
| Welding/NDE | Hydrogen Gas Monitoring | 45 |
| Welding/NDE | Weld Exam - NDT Qualified Personnel | 46 |
| Welding/NDE | Weld Exam - Progressive PT on Structural Lids | 46 |
| Welding/NDE | Weld Exam - PT of Lid Welds | 47 |
| Welding/NDE | Weld Exam - PT/UT Qualified Personnel | 48 |
| Welding/NDE | Weld Exam - Visual Acceptance | 48 |
| Welding/NDE | Weld Exam - Visual Qualified Personnel | 49 |
| Welding/NDE | Weld Exam - Written Report | 49 |
| Welding/NDE | Weld Filler Material | 50 |
| Welding/NDE | Weld Integrity Record | 50 |
| Welding/NDE | Weld Procedures Qualified | 51 |
| Welding/NDE | Weld Repairs | 51 |
| Welding/NDE | Welder Qualifications | 52 |
| Welding/NDE | Welds in Accordance with Drawings | 52 |
